The Honorable Robert F. Kennedy
The Attorney General
Department of Justice
Washington, D. C.

Dear Bob:

I enclose a publication of the Hearings before the Internal Security Subcommittee of the Senate Judiciary Committee at which Richard Helms, Assistant Director of CIA, gave a detailed presentation with regard to Communist forgeries. This also afforded us an opportunity to answer the Soviet propaganda barrage which the French took up regarding alleged CIA implication in the Algerian Generals' coup.

This will be released for publication in the next few days.

Sincerely yours,

Allen W. Dulles
Director
